

FORWARD

You can't stand still and get anywhere. It is necessary to go forward if you would keep abreast of the times, for the world moves—and it moves so rapidly that only a few of us can see or claim some of it? Are you getting ahead, financially? Would you like to know the opinion of one of the greatest financiers the country ever produced? Well, here it is:

The late James J. Hill said: "If you want to know whether you are going to be a success or a failure, you can easily find out. The test is simple and infallible. Are you able to save money? If not, you drop out. You will lose. You may not think it, but you will lose as sure as you live. The seed of success is not in you." Think that over carefully.

Similar Cases Being Published in Each Issue.

The following case is but one of many occurring daily in Pascagoula. It is an easy matter to verify it. You cannot ask for better proof.

C. W. Laddner, butcher, S. Pascagoula St., says: "I used to suffer a lot with my kidneys. My back became so lame and sore, I could just about keep up. This trouble came on by spells. Sharp pains darted through the small of my back and nearly bent me double. The kidney secretions passed too freely and were highly colored at such times. Doan's Kidney Pills proved to be the best remedy for these annoyances. Doan's did me so much good the first time I took them that I have had but little trouble since. When I do notice any slight kidney disorders, I use Doan's and always receive excellent results.

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Laddner had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Ice Boxes on Wheels

Refrigerator cars for carrying meat are ice boxes traveling on wheels.

Most people in America would have to go without fresh meat, or would have to pay more for what they could get, if it were not for these traveling ice boxes.

Gustavus F. Swift, the first Swift in the packing industry, saw the need of these traveling ice boxes before others.

He asked the railroads to build them. The railroads refused. They were equipped, and preferred to haul cattle rather than dressed beef.

So Gustavus F. Swift had to make the cars himself. The first one was a box car rigged up to hold ice. Now there are 7,000 Swift refrigerator cars. Each one is as fine an ice box as you have in your home.

Day and night, fair weather and foul, through heat and cold, these 7,000 cars go rolling up and down the country, keeping meat just right, on its way to you.

Thus another phase of Swift & Company's activities has grown to meet a need no one else could or would supply, in way that matched Swift & Company ideas of being useful.

When you see one of these Swift & Company cars in a train, or on a siding, you will be reminded of what is being done for you as the fruit of experience and a desire to serve.

Following the ceremony Mr. and Mrs. Young left on a short bridal trip to New Orleans, returning on Friday to Pascagoula. The marriage is of special interest to our readers, as Mr. Young is one of Pascagoula's most prominent citizens, a leading drug-gist of the city, and has a wide circle of friends in Mississippi and Louisiana. He is a man of pleasant and interesting event. Miss Thorn visited Pascagoula quite frequently during the past year in the interest of the Home for Orphans and children in Mississippi established by Dr. and Mrs. Green. RED CROSS

On a recent visit of Lieut. Frank of the Public Health Service to our city he spoke very highly of the efficient work that is being done by the ladies of the Red Cross in the present epidemic. He said that the local chapter was the most efficient and best organized body of women along the coast.

The canteen committee has been kept busy distributing nourishment to the sick. Much credit for this work is due Mrs. J. W. Freilisen, vice-president, for her efficiency in this work.

Mrs. T. G. Hibbler, chairman of the nurses committee, is still needing women to help in this much needed work. Won't some one volunteer? Mrs. Hibbler, the committee and the self-sacrificing ladies who have given their assistance in this crisis deserves the greatest praise.
